FLEETS ARE UNITED

VESSELS OF ROJESTVENSKY AND NEBOGATOFF JOIN FORCES AT KAMRANH BAY.

NOW NORTH OF FORMOSA

RUSSIAN FLEET SAID TO HAVE PASSED STRAITS WITHOUT MEETING TOGO.

Manila, April 21.—Rojestvensky's fleet of twenty heavy fighting ships has been reinforced by Nebogatoff's squadron of five ironclads. It is believed by American naval officials here that Rojestvensky now has in Kamranh bay, in addition to numerous torpedo craft and transports, twenty-five powerful fighting vessels to the twenty-seven of Togo's fleet.

DID NOT MEET TOGO

RUSSIAN FLEET SAID TO HAVE PASSED THE STRAITS OF FORMOSA.

St. Petersburg, April 21.—The ministry of finance has received a telegram from a confidential agent at Shanghai giving a rumor that Vice Admiral Rojestvensky has already passed the straits of Formosa without encountering Vice Admiral Togo.

PROTESTS TO FRANCE

JAPAN OBJECTS TO PRESENCE OF RUSSIAN WARSHIPS IN KAMRANH BAY.

Paris, April 21.—Acting upon instructions from his government Dr. Motono, the Japanese minister to France, called upon Foreign Minister Delcas during the day and submitted representations on behalf of Japan concerning the presence of the Russian Second Pacific squadron in Kamranh bay. An official communication issued after the meeting states that Minister Motono's action had not the shape of a formal protest against France's violation of neutrality, but was to obtain assurances that France would observe strict neutrality.

Notwithstanding the official version, it is evident that the intention and effect of Minister Motono's action is in the nature of a protest.

Foreign Minister Delcas responded to the representations of the Japanese minister by pointing out the precautions heretofore taken to preserve neutrality and the special instructions recently sent to the governor general of Indo-China to take care to prevent violations of neutrality. M. Delcas sought to allay the fears of Japan, which he maintained had not been raised by facts.

The exact terms of Japan's representations have not been disclosed, but it is understood that while having the usual courteous form of diplomacy, the set forth that serious apprehensions had been aroused by the stay of the Russian warships in Kamranh bay and the urgent desire that French neutrality be placed beyond doubt.

The terms of the French response, although not given out, tend to give ample assurances upon all the questions raised. The text of the official communication upon the conference is as follows:

Not a Formal Protest.

"Dr. Motono, minister of Japan, has taken steps to call the attention of the minister of foreign affairs to the reported presence of Russian vessels in Kamranh bay. At the ministry of foreign affairs it is stated that Minister Motono's action does not take the character of a formal protest against alleged violation of neutrality by France relative to the Russian fleet. The Japanese minister particularly desired to obtain from the French government, as he had done before the Baltic squadron passed Cherbourg and more recently when it sojourned off Madagascar, some formal assurance that France would continue to observe strict neutrality. These assurances evidently seemed more and more indispensable to Japan as the Russian fleet approached the coast of Indo-China and entered the theater of war. The French government has on frequent occasions pointedly affirmed that all precautions have been taken for the observance of neutrality. Special instructions have even been forwarded to Indo-China on the subject. The minister of foreign affairs is therefore able to allay the un-

easiness Japan has manifested, which has not been justified up to the present by any specific fact."

Besides these general assurances the conference doubtless permitted of the exchange of the French point of view concerning the stay of Russian warships in Kamranh bay. It is maintained that this was at the most a brief sojourn and not a prolonged stay, official information leading to the belief that the squadron actually left Kamranh bay last Sunday. No

Japanese ships were in the vicinity during the stay of the Russian squadron and therefore it is held that it had not the character of giving asylum to a belligerent against the attack of an enemy. Moreover, it is maintained the size of Kamranh bay permits ships to enter and anchor without being within French territorial waters. The bay has a triangular shape, its greatest length being sixteen and a half miles, its greatest width ten miles and the distance across the entrance about eight miles. These dimensions permit of vessels entering and mooring without crossing the three-mile French shore limit.

From the French standpoint it is not to be presumed that ships are within French waters until it is affirmatively established that the three-mile limit has been encroached upon. Furthermore, officials say that France had no previous knowledge that the Russian Second Pacific squadron intended going to Kamranh bay and therefore had no opportunity to foresee or guard against the visit.

Concerning the course of the Russian warships in taking on stores, it is maintained that these were not contraband of war, but were necessary provisions such as merchantmen may supply at their own peril. It is pointed out in this connection that the chief article of contraband, namely, coal, has been furnished to the Russian squadron by German ships which took on their cargoes from the British port of Cardiff, presumably for other destinations.

It remains for Tokio, to which the French reply was sent, to say whether the assurances are considered sufficient.

The question has appeared as a political issue in parliament, which leads to the feeling in some quarters that Rojestvensky's appearance in Indo-Chinese waters constitutes a considerable hindrance to France and may tend to weaken the bonds between Russia and France.

REGARDING RUSSIAN FLEET.

Dispatch From Saigon Falls to Give Any Information.

London, April 21.—Although the information has been cabled from Saigon, French Cochinchina, that Admiral Jonquieres, who went to Kamranh bay in order to assure the observance of French neutrality by the Russian Pacific squadron, has returned to his flagship at Saigon, the dispatch conveys no information as to whether or not Rojestvensky's ships are still in Kamranh bay. Neither is there any definite news regarding the progress eastward of Vice Admiral Nebogatoff's division of the squadron. While reports that he has reached the Sunda straits are not believed, owing to the known slowness of his vessels, it is considered within the bounds of possibilities that Rojestvensky's lingering in the vicinity of Kamranh bay indicates that Nebogatoff may join him.

The Daily Mail's correspondent at Shanghai declares that Shanghai is the headquarters of the Russian intelligence service directing the movements of Vice Admiral Rojestvensky.

The correspondent reports that there are indications of a likelihood of the interned Russian cruiser Askold attempting to quit the port. Five Chinese warships, it is added, have been ordered to watch her.

JAP ARMY ADVANCING.

St. Petersburg, April 21.—A telegram from the seat of war in Manchuria states that the Japanese armies are advancing northward, preceded by cavalry.

Cretan Chamber of Deputies Unanimous in Favor of Such Course.

Canea, Island of Crete, April 21.—The Cretan chamber of deputies was opened during the day by Prince George, the high commissioner of the powers, who, in his speech, condemned the revolutionaries and declared his readiness to grant every reasonable reform properly proposed.

On the withdrawal of the prince the chamber of deputies unanimously declared in favor of the union of Crete with Greece and the deputies proceeded to the palace to so inform the prince.

H. F. MICHAEL CO'S Daily Store News

Last Day Before Easter

Many little things you'll need. Consult our memorandum and you'll possibly be helped in your buying. We are not advertising prices for it is becoming well known that what you find at the H. F. Michael Co's. is most reasonably priced. Shop tomorrow morning if possible.

The Nemo Corsets are here.

Just came in this morning. Remember that they are a line of specialties. That is, they make corsets especially for the hard to fit, the stout woman especially.

We shall fit all corsets selling above \$2.00 if you come in in the mornings. No corset fitted in the afternoons.

Our Miss Stade has taken special instruction of an expert corsetier and thoroughly understands how to fit you in your style.

Lilies at Presentation Prices.

Those beautiful Easter lilies you have seen in our display this week will be sold at a price which is almost ridiculous. The florists are asking 25c for a bud or flower. We will sell ours at 10c for a bud or a flower, but they cannot be removed until Saturday evening. Come in in the morning and make your selection and we will reserve them until evening.

Have You a New Garment Ready

You may have expected to have had one made and have been disappointed. Or perhaps you expect to purchase a ready made garment. In either instance you will find our ready to wear section to your liking. Neat covert coats, cravettes, skirts, silk and cloth waist suits as well as a handsome line of silk and cotton waists.

DEAL IN MAY WHEAT

THAT ATTRIBUTED TO JOHN W.
GATES APPARENTLY GETS
ITS DEATH BLOW.

PRICE DROPS FIVE CENTS

POSSIBLY AS MUCH AS FIVE MIL.
LION BUSHELS OF GRAIN
SOLD IN CHICAGO.

Chicago, April 21.—The celebrated deal in May wheat attributed to John W. Gates received seemingly its death blow Thursday. Possibly as much as 6,000,000 bushels for May delivery were dumped on the market. As a result there was a break of 5 cents a bushel in the price, the quotations for May falling from \$1.18½ to \$1.08½. Some operators professed an opinion that the slump was due to heavy Eastern holders of May wheat unloading because of notable unrest in the stock market, the alleged purpose of the sellers being to get free to protect securities in Wall street. A much more prevalent belief, however, was that Gates, tired of the burden, had shifted the May wheat deal to Armour and others. One thing was said to be certain—that Gates had sold tremendous quantities through at least one house here. When the price for May fell under \$1.10 commission people poured wheat out on stop-loss selling orders. This caused a slide sheer to \$1.08½. While the bear turn was on in May the Armour people were supporting July wheat against selling drives. At the close of the session May jumped to \$1.10, leaving the net decline for the day 3 5-8c. July closed less than ¼c off, at 87 ¾@ ½c.

It was argued that Armour's enormous buying for July was for the Gates crowd, either covering short sales from \$1.01 down or possibly going long for Wall street dealers.

of Mr. Dodge. In the afternoon he had a long conference with Mr. Leomis, acting secretary of state. When asked for a statement regarding the Venezuelan situation, he said he did not care to talk about it now, except to say: "The newspapers have exaggerated the situation in Venezuela." Mr. Dodge expressed the opinion that the French Cable company had broken its contract. The praise which Mr. Dodge gives to President Castro has occasioned keen surprise among officials and members of the diplomatic corps, the latter being especially interested in the remark of the American vice consul about the French Cable company.

JONES' REMAINS MOVED.

Taken From the School of Medicine to the American Church in Paris.

Paris, April 21.—The body of Paul Jones during the day was borne from the school of medicine to the American Church of the Holy Trinity of the Avenue de l'Alma and was deposited in the receiving vault to await the arrival of the naval squadron, which is to carry back the remains of the admiral to America. The ceremony of the removal was attended by Ambassador Porter, Henry Vignaud, Colonel Bally-Blanchard, embassy secretaries, and John K. Gowdy, consul general at Paris.

MAY HAVE ROLLER RINK

Said to Be a Move on Foot to Convert Gardner Hall into a Roller Skating Rink.

Brainerd is threatened with another roller skate craze. It is understood that negotiations are pending whereby Manager Brady, of the John Coates Liquor company, will open Gardner hall in a short time as a roller rink. In most cities and towns in the northwest roller skates are quite the thing again and Brainerd will doubtless fall in line.

Of Interest to Bicycle Riders

It looks now as though the enthusiasm of the bicycle riders is about to be restored in Brainerd as well as elsewhere; the records from all over the country showing increased sales and riders. A. L. Hoffman & Co., sold six wheels last Saturday. We are sure of good paths this year as R. D. King will act as superintendent and all riders know that he built the only good paths we ever had in the city. Reports from other cities are that the old riders are rummaging their attics and sheds and polishing up their old wheels to get ready for the finest recreation on earth.

If you will dig up your old wheel and telephone to Hoffman, he will send for it, fix it up and return it charging you a moderate price as first class work will admit of.

The bicycle license tags have arrived and will be on sale at the usual places. The price will be 50 cts. each, and work will commence on the paths at once.

A. L. Hoffman & Co., handle the old reliable lines. The Columbia, Rambler, Imperial, White Flyers and Bander. Prices range from fifteen to one hundred dollars, for cash or on easy monthly payments.

If you do not own a wheel, Hoffman will rent you a first class Chainless Bi-cycle, at as low a rate as charged by other places for old skates.

MAY HAVE ROLLER RINK

Said to Be a Move on Foot to Convert Gardner Hall into a Roller Skating Rink.

Brainerd is threatened with another roller skate craze. It is understood that negotiations are pending whereby Manager Brady, of the John Coates Liquor company, will open Gardner hall in a short time as a roller rink. In most cities and towns in the northwest roller skates are quite the thing again and Brainerd will doubtless fall in line.

GOOD FRIDAY OBSERVED

This is a Legal Holiday and Banks and Public Offices Are Closed--Services

in the Churches

Good Friday is being observed as a legal holiday in Minnesota for the first time today. While it has been customary for banks and public offices to close, not until this week, when Governor Johnson signed the bill abolishing days of grace, did the day become a legal holiday.

Services appropriate for the day were held this morning in St. Francis' Catholic and St. Paul's Episcopal churches.

COMMITTEES NAMED

Exalted Ruler C. D. Johnson Announces His Committees and Chaplain for the Ensuing Year.

There was a meeting of Brainerd Lodge, B. P. O. E., last night and Exalted Ruler C. D. Johnson named John T. Frater as chaplain for the ensuing year. The following committees were also announced:

Finance—H. D. Treglawn, F. A. Farar and Henry I. Cohen.

Visiting—Dr. D. M. McDonald, H. P. Dunn and J. H. Murphy.

Entertainment and Reception—J. T. Sanborn, S. R. Adair, F. S. Parker, A. M. Cleaves, C. G. Osterlund, A. A. Finn, Joe Howe, E. C. Griffith, W. H. Koop, K. H. Hoorn, J. J. Nolan, E. O. Webb, R. D. King, J. R. Smith, H. W. Linneman and Ed McKay.

It was stated that the reason such a large committee was named is so the work can be divided. It is expected that a meeting of this committee will be called and the different branches of entertainment and social features of the order will be talked over and the work divided.

Dixie Jubilee Concert

The following is taken from the Crookston Journal:

"The concert given at the Congregational church by the Jubilee Singers last evening was one of the musical treats of the year. It was of a high class order that is rarely heard from professional talent and was full of catchy little tunes that relieved it from any monotony. There was a variety of songs ranging from the popular melodies to the most classical of selections and every song was encored, the company responding with two or three selections. Their graciousness has been commendable upon all who were present."

A concert will be given by this organization at the First M. E. church in this city on next Wednesday evening.

The readers of this paper will be pleased to learn that there is a lesser, undreaded disease than science has been able to cure in its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the system, and removing the fat of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution as assisting nature in doing its work. The proprietors have so much faith in its curative power that they offer One Hundred Dollars for any case that it fails to cure. Send for illustratedimonials.

Nervous Dyspepsia

A Disease that Robs You of Every Pleasure in Life—Hungry and Can't Eat—Makes You Nervous, Morose, Irritable and Despondent.

DR. A. W. CHASE'S NERVE PILLS

Overtake the stomach, or subject it to the depressing influence of worry, care or constant excitement, and it gives out. Ask it to digest anything, everything, at any time, and in half the time required, and like an overdriven horse, it balks. The reason for this lies in the close nerve relationship between the brain and stomach, and the fact that the irritation of either organ means the distress of the other. Nature intended the stomach should have regular hours—a time to work, a time to rest—and when you break up this habit you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—leaves heavy, fermenting and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and a nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills are its cure.

Mrs. James H. Titus, of 710, Clinton St., Warren, Pa., says:

"Dr. A. W. Chase's Nerve Pills are just splendid. My stomach bothered me for twelve years—food digesting slowly—heavy after eating. I was fearfully dizzy by spells and very nervous. I tried everything—other medicines, doctors, anything I was told to, but the Nerve Pills I got settled all this. They cured me. I feel well in every way today—no weakness or dizziness, and digestion splendid. I have and will continue to recommend them strongly, as I believe the medicine to be unequalled in its ability to cure such troubles, as it certainly acted like magic with me." 50 cents a box at dealers, or Dr. A. W. Chase Medicine Co., N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

AN EXCELLENT START IS MADE

Some Fifty Farmers Sign contracts for Sugar Beet Seed and Will Make Trial

ALL FEEL MUCH ENCOURAGED

Anticipated That at Least Two Hundred Acres Will be Utilized This Year

The farmers' meeting at the office of the Brainerd Grocery company yesterday afternoon, called for the purpose of awakening an interest in the sugar beet industry in this county was a great success, and it is believed that a move was taken yesterday that will bear good fruit in this county for a long time to come.

The meeting of the farmers was called to discuss the matter with Mr. E. Von Boeckman, an agriculturalist, who has had sixteen years experience in the sugar beet business. He talked to the farmers regarding the adaptability of the soil, the proper method to pursue in planting and the work that will be required in keeping the soil clean of weeds after the beets commence to grow.

In speaking with Mr. Von Boeckman last night he said: "Through the solicitation of W. H. Cleary, of the Brainerd Grocery company, I came to Brainerd to meet the farmers. I must say that I was both surprised and pleased to see the interest taken and I am sure that the large number of farmers who were present have determined to give the sugar beet industry a fair trial."

The land in this county is splendidly adapted to the raising of sugar beets, in fact, more so than in many other localities where beet raising is firmly established. I believe from the sentiment expressed that there will be 200 acres planted this year in this county and this an excellent start.

When we consider that the average yield is fifteen tons to the acre and that there is a profit of from \$50 to \$60 an acre it will be readily seen that the industry is a good one. It will give these few farmers this year who are going to launch in the business, if 200 acres are planted, something like \$12,000. This is good as a starter.

"If these first farmers who try the experiment are successful, there is no reason why they cannot be, then I look to see the acreage in this county increased to 1000 the following year.

"Extra inducements have been made to the farmers to get them started this year, and it is hoped that everyone will take advantage of the offer made.

"No one can imagine what the ultimate result will be. If you can induce your farmers to engage in this particular line of work and the acreage can be increased to 4000, it is an assured fact that a sugar factory or refinery will be put in here. A refinery would be a great thing, as it has proven a great benefit in other places, for a modern plant will use up about 600 tons a day.

"If potatoes, corn, etc., can be raised here in this county then beets can be raised and I have no hesitation in saying, from the information I received from the farmers, that the crop will be a great success here. It takes a little work but that does not cut any figure when compared with the profit that can be derived per acre and the sooner the farmers study this matter the better off they will be."

About fifty contracts were signed yesterday and the Minnesota Sugar Company will furnish these farmers with the seed and give them instructions and even send them machinery to help out. W. H. Cleary will act as a sort of go-between and any farmer who wants to start in the business can do so by calling on Mr. Cleary at the Brainerd Grocery company warehouse at any time.

A GREAT WEAPON.

Brainerd People Cannot Fail To Appreciate Its Value.

Only one weapon.—To fight backache—The weapon that strikes the cause. Doan's Kidney Pills strikes the root. Their work in Brainerd proves it. You read of cures made years ago. And the cures were lasting cures. Read the following:

Philip O'Neil, of 516 Norwood St., Brainerd, Minn., says:

"Brainerd people have seen in the local papers the testimonial I gave in 1898, recommending Doan's Kidney Pills, and many times I have been called upon to corroborate that statement in personal interviews. My confidence in Doan's Kidney Pills has not been lessened during the past six years. It has shown itself equal to all the claims made for it. I was a sufferer for a long time from backache and pains in the loins. The kidney secretions were too frequent and much discolored. The trouble became worse and worse and nothing helped it until I got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store. I used this remedy faithfully until the annoyance from the kidney secretions ceased and the pains and backache disappeared. The cure then effected has been most gratifying and altogether permanent."

Sold for 50 cents a box by H. P. Dunn & Co., and all druggists. Foster Millburn Co., Buffalo, N. Y., sole agents for the U. S.

AN EXCELLENT START IS MADE

Some Fifty Farmers Sign contracts for Sugar Beet Seed and Will Make Trial

ALL FEEL MUCH ENCOURAGED

Anticipated That at Least Two Hundred Acres Will be Utilized This Year

The farmers' meeting at the office of the Brainerd Grocery company yesterday afternoon, called for the purpose of awakening an interest in the sugar beet industry in this county was a great success, and it is believed that a move was taken yesterday that will bear good fruit in this county for a long time to come.

The meeting of the farmers was called to discuss the matter with Mr. E. Von Boeckman, an agriculturalist, who has had sixteen years experience in the sugar beet business. He talked to the farmers regarding the adaptability of the soil, the proper method to pursue in planting and the work that will be required in keeping the soil clean of weeds after the beets commence to grow.

In speaking with Mr. Von Boeckman last night he said: "Through the solicitation of W. H. Cleary, of the Brainerd Grocery company, I came to Brainerd to meet the farmers. I must say that I was both surprised and pleased to see the interest taken and I am sure that the large number of farmers who were present have determined to give the sugar beet industry a fair trial. The land in this county is splendidly adapted to the raising of sugar beets, in fact, more so than in many other localities where beet raising is firmly established. I believe from the sentiment expressed that there will be 200 acres planted this year in this county and this an excellent start. When we consider that the average yield is fifteen tons to the acre and that there is a profit of from \$50 to \$60 an acre it will be readily seen that the industry is a good one. It will give these few farmers this year who are going to launch in the business, if 200 acres are planted, something like \$12,000. This is good as a starter."

"If these first farmers who try the experiment are successful, there is no reason why they cannot be, then I look to see the acreage in this county increased to 1000 the following year. Extra inducements have been made to the farmers to get them started this year, and it is hoped that everyone will take advantage of the offer made.

"No one can imagine what the ultimate result will be. If you can induce your farmers to engage in this particular line of work and the acreage can be increased to 4000, it is an assured fact that a sugar factory or refinery will be put in here. A refinery would be a great thing, as it has proven a great benefit in other places, for a modern plant will use up about 600 tons a day.

"If potatoes, corn, etc., can be raised here in this county then beets can be raised and I have no hesitation in saying, from the information I received from the farmers, that the crop will be a great success here. It takes a little work but that does not cut any figure when compared with the profit that can be derived per acre and the sooner the farmers study this matter the better off they will be."

About fifty contracts were signed yesterday and the Minnesota Sugar Company will furnish these farmers with the seed and give them instructions and even send them machinery to help out. W. H. Cleary will act as a sort of go-between and any farmer who wants to start in the business can do so by calling on Mr. Cleary at the Brainerd Grocery company warehouse at any time.

A GREAT WEAPON.

Brainerd People Cannot Fail To Appreciate Its Value.

Only one weapon. To fight backache—

The weapon that strikes the cause. Doan's Kidney Pills strikes the root.

Their work in Brainerd proves it.

You read of cures made years ago.

And the cures were lasting cures.

Read the following:

Philip O'Neill, of 516 Norwood St., Brainerd, Minn., says:

"Brainerd people have seen in the local papers the testimonial I gave in 1898, recommending Doan's Kidney Pills, and many times I have been called upon to corroborate that statement in personal interviews. My confidence in Doan's Kidney Pills has not been lessened during the past six years. It has shown itself equal to all the claims made for it. I was a sufferer for a long time from backache and pains in the loins. The kidney secretions were too frequent and much discolored. The trouble became worse and worse and nothing helped it until I got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store. I used this remedy faithfully until the annoyance from the kidney secretions ceased and the pains and backache disappeared. The cure then effected has been most gratifying and altogether permanent."

Sold for 50 cents a box by H. P. Dunn & Co., and all druggists. Foster Millburn Co., Buffalo, N. Y., sole agents for the U. S.

Sheriff Tanner Returns from Fargo and Jamestown where He Went in Quest of Slayers of Miss Kintop.

Sheriff Tanner, of Little Falls, has returned from Fargo and Jamestown where some negro vagrants were being held as suspects in connection with the slaying of Miss Kintop at Little Falls. Mr. Tanner found that the men held did not answer the description. The officers are still hot on the trail of the two suspects and expect to land them yet.

Joe Kintop, brother of the murdered girl, and Sheriff Tanner, of Little Falls, were in the city this morning and left for Crookston this afternoon where it is understood two other negroes are being held on suspicion.

DR. CHAS. RUSSELL

Psychic Healer of Minneapolis, Minn.

Heals when doctors and medicines fail and hope is gone

Makes the Lame Walk and the Deaf Hear.

At Walker's Hall

FRIDAY EVENING, APRIL 21st.

Doors open at 7:30, begin at 8.

FREE TO EVERYBODY

All intelligent and thoughtful people will find this a most remarkable exhibition.

Dr. Russell, apart from being a naturally gifted healer, is a graduate of the college of physicians and surgeons class of 1881, Keokuk, Iowa. Attended two terms in the Eclectic Institute of Cincinnati, Ohio; graduate of the Illinois school of Electro Therapeutics, and the Montreal college of Theoretical and applied optics. He has for many years devoted his energies to the study of Magnetic or Psychic healing. He has sought and gained every particle of knowledge regarding it, and his success in this field has been put forth in large space in the Minneapolis papers, where he resides. Psychic or Magnetic healing has been known and practiced from the remotest period of human history and is a true science. It is based upon scientific principles. It is nature's own remedy, and because of this, it is the very science of truth.

AT RICHMOND HALL

A large Audience Witnesses the Most Remarkable Exhibition of Modern Times.

Dr. Russell the Man

Richmond hall, corner Nicollet avenue and Eighth street, was crowded to overflowing yesterday afternoon by an audience assembled to witness the healing of the sick by Dr. Russell. What power this man possesses cannot perhaps be easily explained. He performed some marvelous cures in what seemed a perfectly simple way. He cured many persons of deafness, rheumatism, lumbago, stiff joints, aches and pains of years' standing and one lady of paralysis. His work is without ostentation and the marvelous simplicity with which he does the work is truly astonishing. Among the many persons treated the writer noted the following: Mr. Rose, residing at 401 Washington avenue south, had been deaf for six years. After treatment he proved to the audience he could hear perfectly. Mr. Murphy, 911 First avenue north, suffered with a lame and painful back and shoulders for two years. All pain and lameness was removed and Mr. Murphy felt correspondingly happy. Mr. Landstrom, 2425 Tenth avenue south had suffered greatly with an intense and continuous pain over the region of the liver, extending down the right side, also pains in his shoulders. In ten minutes' treatment Mr. Landstrom declared he was free from all pain and laughingly declared that he felt as if he had been made over again. This cure caused a sensation. Miss Smith, 1215 West Thirty-third street, had suffered with deafness and throat trouble for sixteen years. After treatment she heard perfectly. Martin Nelson, lumbar go and sciatic rheumatism, walked lame with a stick, but, after treatment, paraded around the hall feeling like a new man. He said he resided at the corner of Forty-seventh avenue and Fourth street. Another sensation was caused by a cure of paralysis of the left arm of a lady by the name of Mrs. Parker, residing at 1107 Sixth street south. This lady had been a sufferer for two years.

Mrs. Gan, a pleasant old lady, residing at 1710 Seventh avenue south, had suffered continuous pain in her stomach and sides for three years. Nothing she did gave her any relief. Dr. Russell relieved her of all pain and she declared she felt like a new woman. Many others were treated and were either cured or greatly benefited. This is, indeed, a wonderful exhibition of healing power.

Watch Phenomenal Healing—Most Marvelous Demonstrations Ever Witnessed in Minneapolis.

Dr. Russell's Wonderful Work at Richmond Hall.

From Minneapolis Tribune, Sept., 1904: Nobody can form any idea of the marvelous cures performed by this man, unless they go to the above hall and see it done. Dr. Russell, in his remarkable healings, makes no extravagant claims to supernatural power, neither does he require blind faith on the part of the subject who comes to him for treatment. The serenity of skeptics in the power of natural healing receive a severe jolt upon witnessing the wonderful cures performed by Dr. Russell, day after day, in the presence of large and intelligent audiences. Among the many treated yesterday were the following whose names and addresses were obtained with difficulty owing to the immense and excited throng present: Mrs. Stalker, 500 Emerson avenue, constant headache for two years, was cured in a few minutes. Also the following who declared to the audience that they were perfectly relieved of their infirmities: Mrs. A. E. Johnstone, 400 University avenue Southeast, pain and stiffness in right arm three years; Mrs. Babar, 817 Fremont street North, rheumatism for twenty years; Mrs. Fenstead, 1309 Twenty-first street South, headache three years; Agnes Mitchell, 513 Tenth avenue South, deaf; Mr. Miller, 1405 Fourth street North, rheumatism 18 years; John Eke, 3321 Third street North, rheumatism 19 years; Mrs. Flood, 3016 Hennepin avenue, pains all through her body. At this stage of the proceeding the audience became so excited no other names could be obtained.

Those desiring private consultation and treatment will find Dr. Russell at the National Hotel where he will remain until all who require his services are accommodated. Consultation is free. But be sure and attend his free lectures and demonstrations at Walker Hall.

FATAL GASOLINE EXPLOSION.

Three Children Dead and Six Other Persons Badly Burned.

Greensburg, Pa., April 21.—Resultant from an explosion of gasoline at night in the home of John E. Kunkle, three children of the family were burned to death and a fourth is fatally injured. Three members of the fire department and two prominent citizens who attempted to rescue the children from the burning home were dangerously burned and are in a critical condition. The parents of the children left them in charge of Mrs. Kunkle's mother, a woman seventy-five years old, while they went to church. After the children had been put to bed, one of them called for a drink and the grandmother, in carrying the water to the child, tripped. In her effort to save herself she overturned a bottle of gasoline and in an instant the room was ablaze.

JOSEPH JEFFERSON IS SETTER.

Every Indication Points to His Ultimate Recovery.

West Palm Beach, Fla., April 21.—There is now every indication that Joseph Jefferson will recover. The reports to the effect that Mr. Jefferson was suffering with pneumonia are incorrect. His illness has been due to over exertion when on a visit to Hobo sound. Added to this was a general weakness caused by indigestion, from which he suffered last spring. This ailment returned and was in itself very pronounced.

From what Dr. Potter says the hope for recovery came when Mr. Jefferson was able to retain nourishment. This favorable condition was pronounced during the day when he called hourly for food and retained all given him. In the afternoon he was permitted to sit up.

IN FAVOR OF HEINZE

DECISION RENDERED BY MONTANA SUPREME COURT IN MINNIE HEALY MINE CASE.

AN APPEAL MAY BE TAKEN

AMALGAMATED INTERESTS WILL TRY TO CARRY CASE TO FEDERAL SUPREME COURT.

Helena, Mont. April 21.—The supreme court of Montana during the day affirmed the judgment of the district court of Silver Bow county in the case of Miles Finlen against F. Augustus Heinze, the Montana Ore Purchasing company, and others, better known as the Minnie Healy case, involving title to one of the richest copper mines in Butte. The decision favors Heinze.

It is stated that if a federal question can be found upon which to base an appeal, the Amalgamated interests will appeal the case to the supreme court of the United States.

Finlen had leases and bonds upon the property from John Devlin, Mrs. Devlin, Mrs. Reilly and Mrs. Kelly in 1898, agreeing to pay \$100,000 for those interests. In November, 1898, Heinze claims to have had a verbal agreement with Finlen to take over the bonds and leases for \$54,000, and under the terms of that agreement began working the property. This Finlen disputed and in February of the following year the present suit for possession was commenced by Finlen.

The case was tried before Judge Harney without a jury and judgment was rendered for the defendant in December, 1898, Finlen having in the meantime transferred his interests to the Boston & Montana, now the Amalgamated property. It was at this time that charges of misconduct on the part of Judge Harney in the conduct of the trial were made and many sensational developments resulted, including Harney's charge that Charles W. Clark, son of the senator; A. J. Shores, attorney for the Amalgamated, and others, offered him a bribe of \$250,000 to grant a new trial.

An appeal was made to the supreme court, and a new trial was granted on the ground that Harney had not acted properly in the conduct of the trial. The case was tried again before Judge Clancy in August, 1903, and he decided for Heinze. Again an appeal was made. This last decision of the court, which was written by Associate Justice Holloway, affirms the judgment of Judge Clancy, holding in effect that there was a verbal contract between Finlen and Heinze by which Heinze should take over Finlen's bonds and leases in the event of Heinze's death.

The effect of the decision is to give Heinze title to the mine, the value of which is estimated in the millions.

REFUSES TO RESIGN.

James Hazen Hyde Declines to Accede to Request of Agents.

New York, April 21.—After First Vice President James H. Hyde of the Equitable Life Assurance society had informed a committee of managing agents during the afternoon that it would be impossible because of previous engagements for him to address them during the day, the agents' convention, which has been in session in this city for three days, adjourned without day.

The invitation to address the agents followed the call by committee on Mr. Hyde in the morning with a request that he resign as an officer of the society. This Mr. Hyde declined to do in an answer in which he said he would consider such action "unworthy and disgraceful to the memory of my father," and he added further:

It is evident from your extraordinary request and from the report of the proceedings at your meeting that you have not the remotest conception of the unfortunate controversy or the motives behind the struggle for the control of the society."

Mr. Hyde's speech followed one by Joseph Bowes, chairman of the agents' committee, in which Mr. Bowes recited that the request for the resignation was practically unanimous.

Before adjourning the agents perfected a permanent organization and elected officers.

MRS. JOHN KELLER IS DEAD.

William Williams Must Answer for a Double Murder.

St. Paul, April 21.—William Williams will have to answer for a double murder.

Mrs. John Keller, mother of the sixteen-year-old boy slain by Williams on April 13, died at the city hospital Thursday afternoon at 2:45 o'clock. Death was due to an internal abscess that resulted from her wounds.

The coroner's inquest held over the death of Johnny Keller, at the county morgue Thursday afternoon, resulted in Williams being held responsible for the boy's death.

First Boat at Duluth.

Duluth, April 21.—The first boat to arrive in the Duluth-Superior harbor from the Soo was the E. N. Saunders of the Gilchrist Transportation company of Cleveland.

ENJOYING ROYAL SPORT.

President Roosevelt Having a Good Time in Colorado.

Glenwood Springs, Colo., April 21.—

That President Roosevelt is enjoying royal sport in his hunt for Rocky Mountain grizzlies is attested by Secretary Loeb, who returned from the camp late in the day, after having spent the night with the party. While the only game pulled down thus far is the bear shot by the president and the bobcat shot by Dr. Alexander Lambert, there has been plenty of recreation. Every day the dogs have followed trails that looked promising, showing that there are more bears to be found in the vicinity now being hunted. Camp will not be moved until Saturday. Then the party will locate on West Divide creek, within twenty miles of the present location and four miles nearer Newcastle. The point toward which the party is working is Redstone, where camp will be broken on May 14. The private car Rocket will pick up the president there, and he will spend the night at Glenwood Springs. The start home will be made on May 15, with a stop of one day each at Denver and Cheyenne.

The most important business between the president and Secretary Loeb was in relation to appointments that have been made. The president signed the appointment of George W. Atkinson of West Virginia, to be judge of the United States court of claims, as well as several pardon cases.

Secretary Loeb says the president shot the bear after a long chase and after the animal had killed one dog and injured several others. The president shot between the dogs surrounding the bear, hitting the bear in the shoulder. The second shot killed the bear.

SAW THE YOUNG TRAGEDY.

Russian Jew Says He Witnessed Suicide of Bookmaker.

Chicago, April 21.—Samuel Eisenberg, who claims that he saw Caesar Young kill himself while in a cab with Nan Patterson in New York, was seen here at night at 567 West Fourteenth street, where he is living with a relative, B. Rosen. Eisenberg is a Russian Jew, about thirty-five years of age, and unable to either speak or write English. It was necessary to take to the house a Russian interpreter in order to procure his story.

Eisenberg, who is a tailor, claims that on the day of the shooting of Young, he was walking along Broadway, on his way to 147 State street, when he passed a cab in which a man and woman were quarreling. The woman was crying and both of them were greatly excited. Their conduct interested Eisenberg, and he followed them to see the outcome. At one time, he said, the two engaged in a struggle, but it was of short duration. Finally the woman, who was crying all of the time, laid her head on the man's shoulder. The man then reached around to a rear pocket and drew a revolver with which he shot himself. Eisenberg declares that he became excited by the act and hurried away, as several people were hastening to the cab and there was no apparent need of assistance from him. Being unable to read English, he saw nothing of the case in the papers, and had nearly forgotten all about it, until the other day when glancing through a Jewish paper he saw an account of the Patterson trial, and concluded that the couple he saw in the cab must have been Young and Nan Patterson.

The parents of the children left them in charge of Mrs. Kunkle's mother, a woman seventy-five years old, while they went to church. After the children had been put to bed, one of them called for a drink and the grandmother, in carrying the water to the child, tripped. In her effort to save herself she overturned a bottle of gasoline and in an instant the room was ablaze.

JOSEPH JEFFERSON IS BETTER.

Every Indication Points to His Ultimate Recovery.

West Palm Beach, Fla., April 21.—There is now every indication that Joseph Jefferson will recover. The reports to the effect that Mr. Jefferson was suffering with pneumonia are incorrect. His illness has been due to over exertion when on a visit to Hobo sound. Added to this was a general weakness caused by indigestion, from which he suffered last spring. This ailment returned and was in itself very pronounced.

From what Dr. Potter says the hope for recovery came when Mr. Jefferson was able to retain nourishment. This favorable condition was pronounced during the day when he called hourly for food and retained all given him. In the afternoon he was permitted to sit up.

The Misery of Piles

Thousands know it and thousands daily submit, through their ignorance, to the torture of the knife.

They are ignorant of the fact that there is an internal remedy that will positively and painlessly cure.

IN FAVOR OF HEINZE

DECISION RENDERED BY MONTANA SUPREME COURT IN MINE HEALY MINE CASE.

AN APPEAL MAY BE TAKEN

AMALGAMATED INTERESTS WILL TRY TO CARRY CASE TO FEDERAL SUPREME COURT.

Helena, Mont., April 21.—The supreme court of Montana during the day affirmed the judgment of the district court of Silver Bow county in the case of Miles Finlen against F. Augustus Heinze, the Montana Ore Purchasing company, and others, better known as the Minnie Healy case, involving title to one of the richest copper mines in Butte. The decision favors Heinze.

It is stated that if a federal question can be found upon which to base an appeal, the Amalgamated interests will appeal the case to the supreme court of the United States.

Finlen had leases and bonds upon the property from John Devlin, Mrs. Devlin, Mrs. Reilly and Mrs. Kelly in 1898, agreeing to pay \$100,000 for those interests. In November, 1898, Heinze claims to have had a verbal agreement with Finlen to take over the bonds and leases for \$54,000, and under the terms of that agreement began working the property. This Finlen disputed and in February of the following year the present suit for possession was commenced by Finlen. The case was tried before Judge Harney without a jury and judgment was rendered for the defendant in December, 1898. Finlen having in the meantime transferred his interests to the Boston & Montana, now the Amalgamated property. It was at this time that charges of misconduct on the part of Judge Harney in the conduct of the trial were made and many sensational developments resulted, including Harney's charge that Charles W. Clark, son of the senator; A. J. Shores, attorney for the Amalgamated, and others, offered him a bribe of \$250,000 to grant a new trial.

An appeal was made to the supreme court, and a new trial was granted on the ground that Harney had not acted properly in the conduct of the trial. The case was tried again before Judge Clancy in August, 1903, and he decided for Heinze. Again an appeal was made. This last decision of the court, which was written by Associate Justice Holloway, affirms the judgment of Judge Clancy, holding in effect that there was a verbal contract between Finlen and Heinze by which Heinze should take over Finlen's bonds and leases in the mines.

The effect of the decision is to give Heinze title to the mine, the value of which is estimated in the millions.

REFUSES TO RESIGN.

James Hazen Hyde Declines to Accede to Request of Agents.

New York, April 21.—After First Vice President James H. Hyde of the Equitable Life Assurance society had informed a committee of managing agents during the afternoon that it would be impossible because of previous engagements for him to address them during the day, the agents' convention, which has been in session in this city for three days, adjourned without day.

The invitation to address the agents followed the call by a committee on Mr. Hyde in the morning with a request that he resign as an officer of the society. This Mr. Hyde declined to do in an answer in which he said he would consider such action "unworthy and disgraceful to the memory of my father," and he added further:

"It is evident from your extraordinary request and from the report of the proceedings at your meeting that you have not the remotest conception of the unfortunate controversy or the motives behind the struggle for the control of the society."

Mr. Hyde's speech followed one by Joseph Bowes, chairman of the agents' committee, in which Mr. Bowes recited that the request for the resignation was practically unanimous.

Before adjourning the agents perfected a permanent organization and elected officers.

MRS. JOHN KELLER IS DEAD.

William Williams Must Answer for a Double Murder.

St. Paul, April 21.—William Williams will have to answer for a double murder.

Mrs. John Keller, mother of the sixteen-year-old boy slain by Williams on April 13, died at the city hospital Thursday afternoon at 2:45 o'clock. Death was due to an internal abscess that resulted from her wounds.

The coroner's inquest held over the death of Johnny Keller, at the county morgue Thursday afternoon, resulted in Williams being held responsible for the boy's death.

Before adjourning the agents perfected a permanent organization and elected officers.
